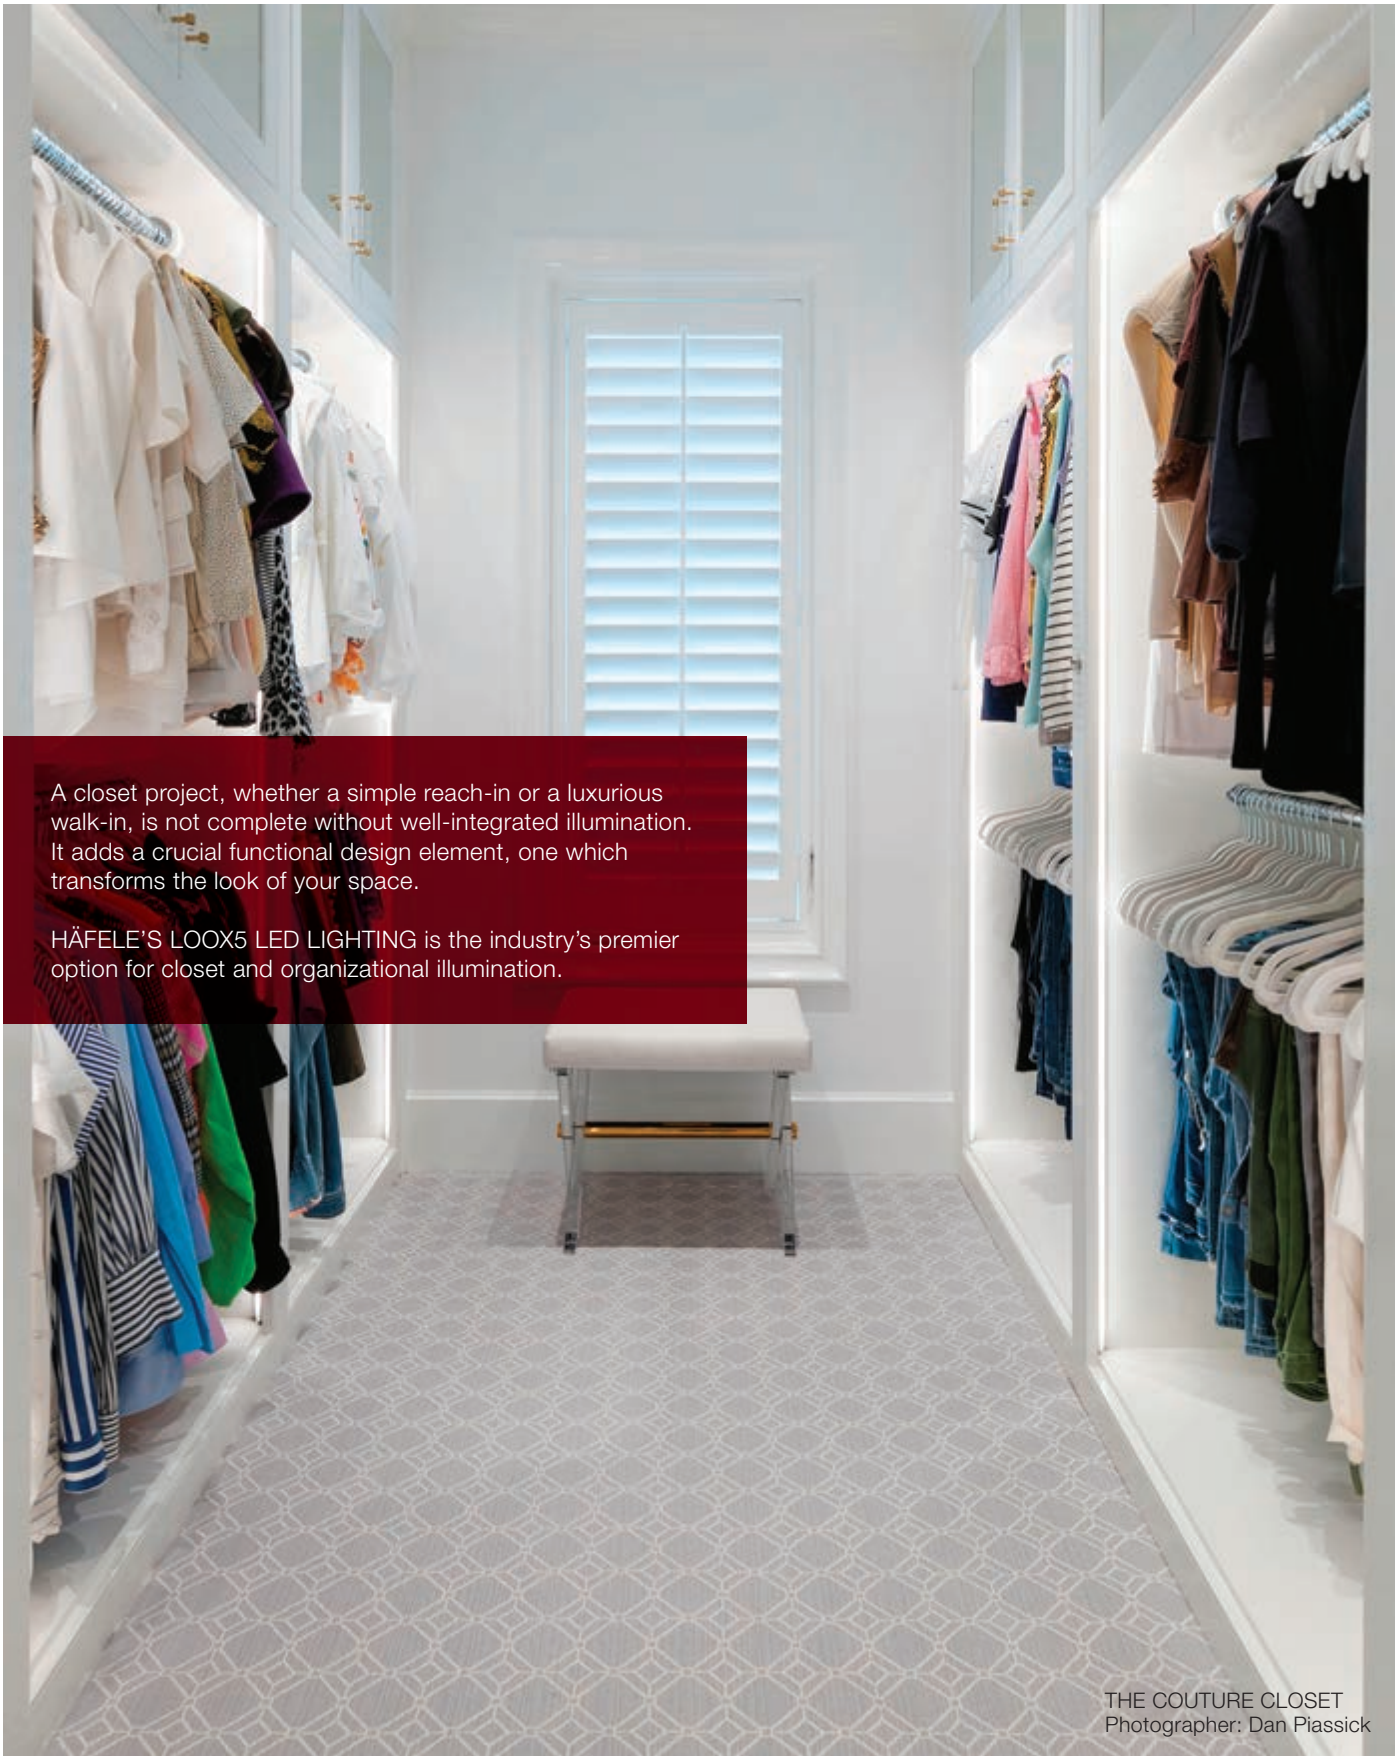
IDEALLY SUITED

At Häfele, closets and other storage and organization projects – garages, laundry rooms, pantries, mudrooms, entertainment centers, craft areas, home offices and beyond – thrive on one thing: coordination. That means continuity of design: elements which match and fit a certain level of quality and aesthetics. Also, a coordination of vision: giving you the pieces you need – regardless of whether users see them or not – to realize whatever it is you've designed, conceived or dreamt.

LOOX LED ILLUMINATION



A closet project, whether a simple reach-in or a luxurious walk-in, is not complete without well-integrated illumination. It adds a crucial functional design element, one which transforms the look of your space.

HÄFELE'S LOOX5 LED LIGHTING is the industry's premier option for closet and organizational illumination.

THE COUTURE CLOSET

FIXTURES

UP LIGHTING. STRIP LIGHTING. PUCK LIGHTS. ILLUMINATED SHELVES. LIGHTED WARDROBE TUBES.
Wherever you'd like to cast light within the closet space, Häfele's Loox5 LED lighting provides easy and adaptable solutions.

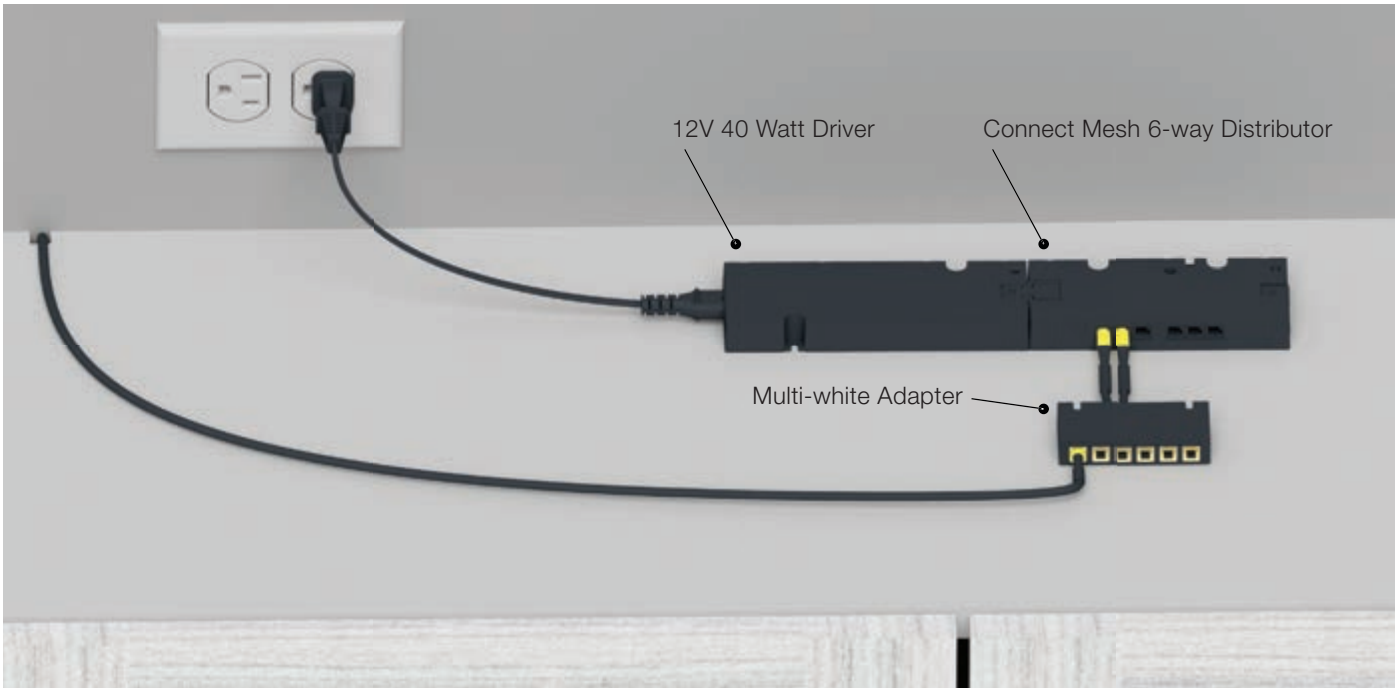
SWITCHING

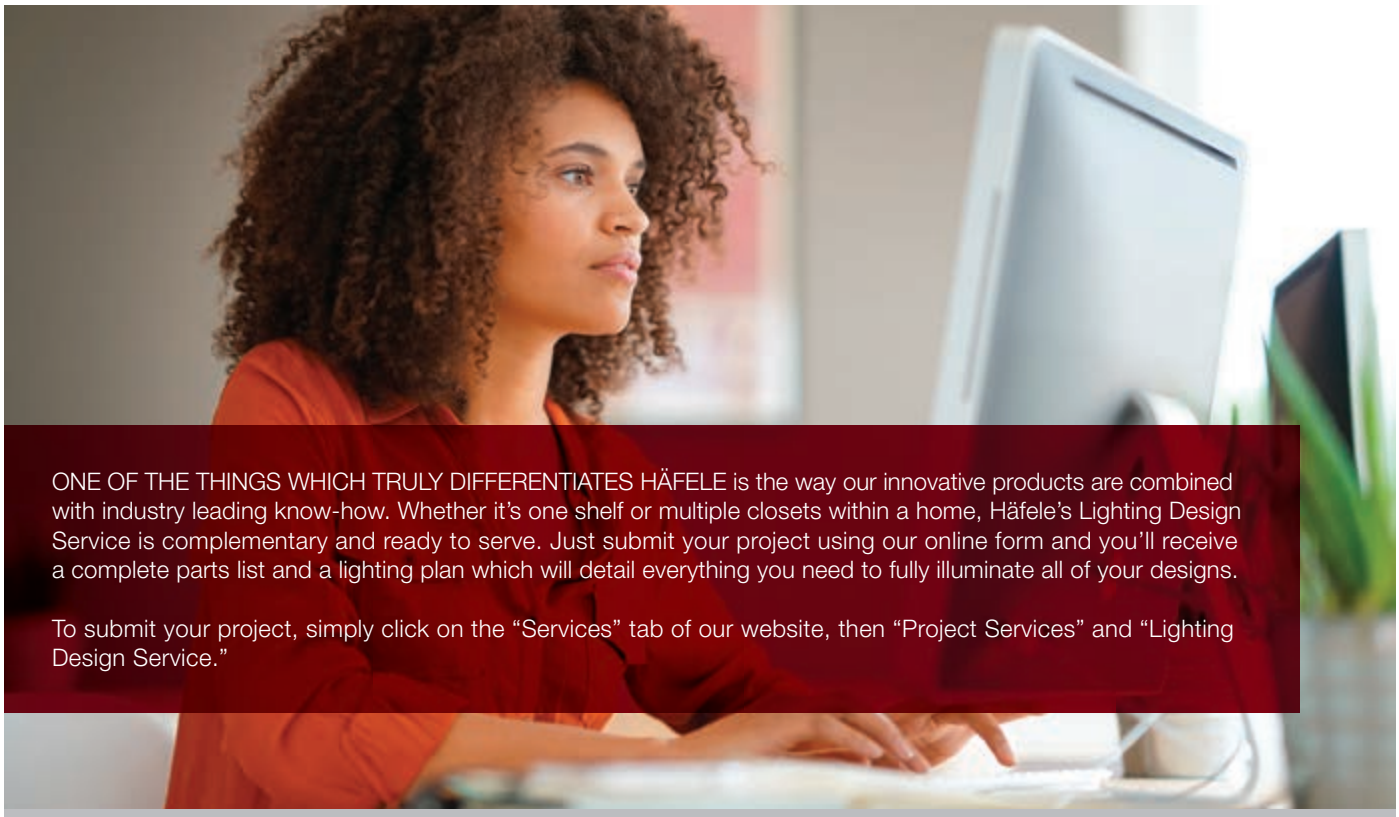
Some prefer to flip a standard wall switch. Others might prefer lights which turn on whenever they enter the space or open a door. Then there are also the users who prefer to create pre-set scenes. Whatever your switching preference, Häfele's Loox5 LED lighting can provide the solution – our broad range of switching options lead the industry.

EASE OF INSTALLATION

All you need is a receptacle. Häfele's Loox5 LED lighting is most commonly installed as a "plug and play" system with standard electrical outlets – normally installed above storage space, allowing for easy wire management and bringing power to every part of your closet and storage solutions.

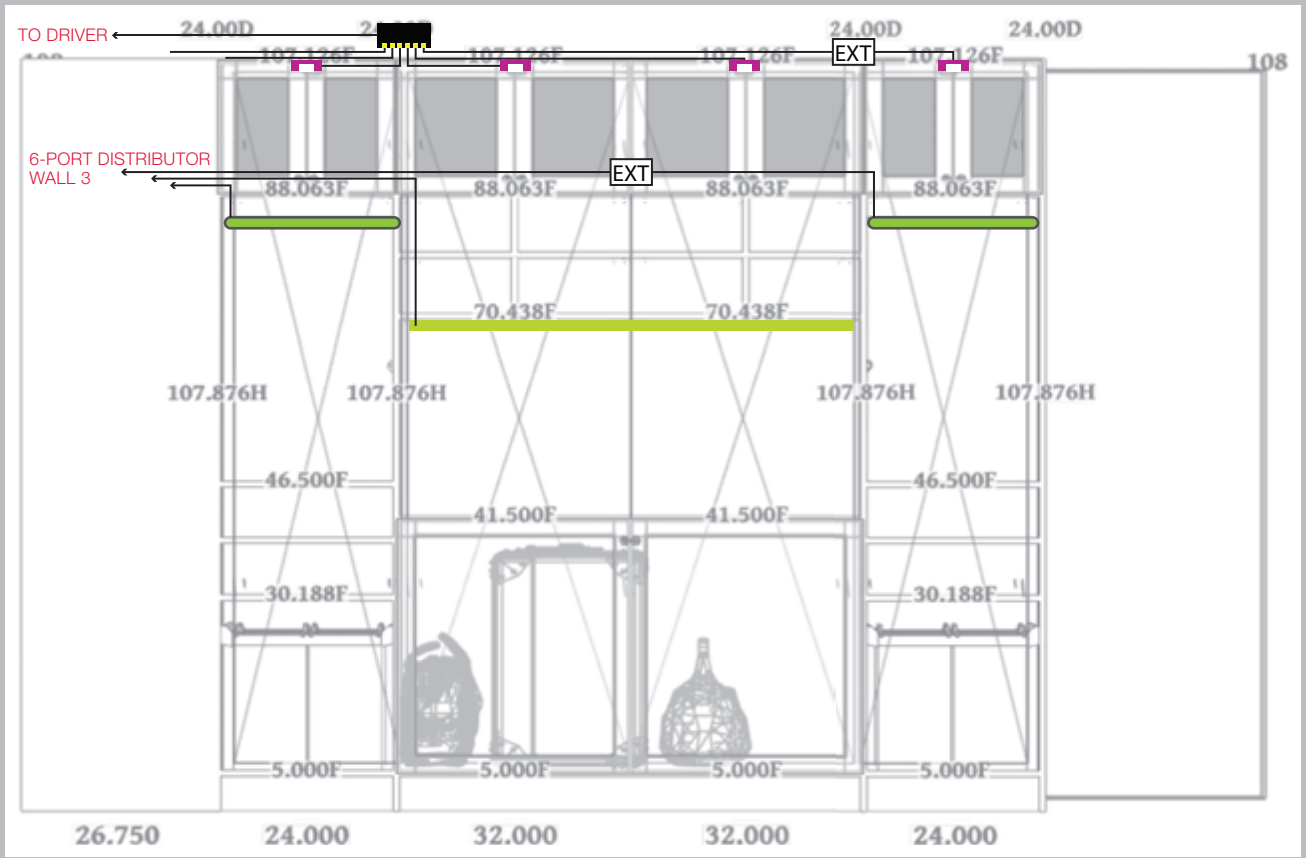


WE'RE HERE TO HELP



ONE OF THE THINGS WHICH TRULY DIFFERENTIATES HÄFELE is the way our innovative products are combined with industry leading know-how. Whether it's one shelf or multiple closets within a home, Häfele's Lighting Design Service is complementary and ready to serve. Just submit your project using our online form and you'll receive a complete parts list and a lighting plan which will detail everything you need to fully illuminate all of your designs.

To submit your project, simply click on the "Services" tab of our website, then "Project Services" and "Lighting Design Service."



FURNITURE & CABINET SLIDING HARDWARE

PIVOT. BYPASS. POCKET. And almost any other motion you can imagine. Häfele has been providing superior furniture and cabinetry sliding hardware solutions to the industry for decades. It's one of our specialties. We use this hardware to save space, but also to add unique design touches where they make the most sense as well as add the most functionality.

And whenever your project calls for it, please look to us for all of your opening and closing needs. For more information on furniture and cabinetry sliding hardware solutions from Häfele and to order online, visit **hafele.com**.

HÄFELE SLIDO R-ALUFLEX 80A

A CUSTOM-SIZED ALUMINUM FRAME with unlimited infill panel and design possibilities. That's the framed elegance that is Häfele's Slido R-Aluflex 80A sliding door solution. It's ideal for bringing stylish separation to closets, rooms, cabinetry or any other project you can think of. Infill options include all manner of wood, glass, mirror or Ecoresin materials. The bottom-running system can be designed to work with single or multi-panel sliding doors. The optional soft close is also a nice touch.

For more information on Häfele's Slido R-Aluflex 80A Sliding Door Hardware and to order online, visit **hafele.com**.

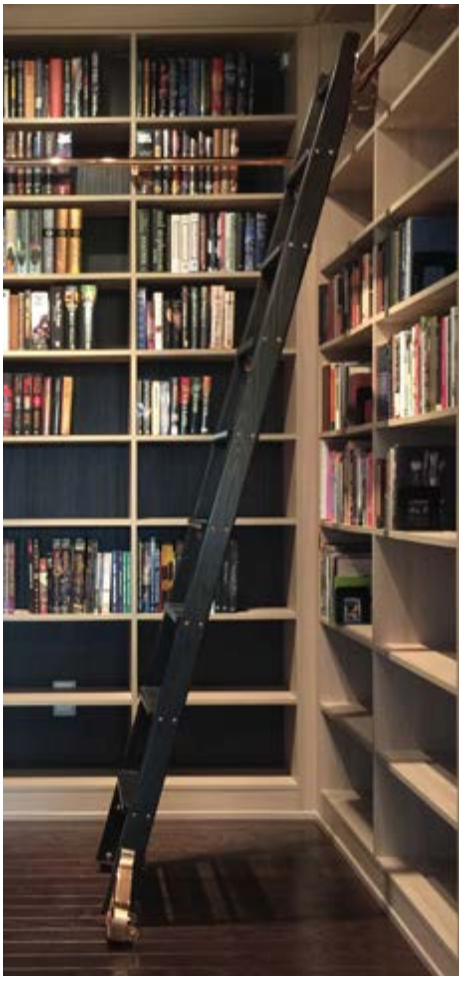
SERVICE+

THE GOAL OF HÄFELE'S SERVICE+ IS SIMPLE: add value to a wide range of products. Custom projects deserve innovative solutions, tailored to your needs – all with one-stop convenience. Service+ encompasses a broad range of versatile products and services, all created to improve efficiencies and streamline your project planning.

For the closet industry, this includes everything from cut-to-size non-slip mats and wardrobe tubes; custom-sized drawers; custom designer-friendly project accents such as EcoDomo leather components, library ladders and much, much more.

CUSTOM LIBRARY LADDERS

Service+



CUSTOM LIBRARY LADDERS

Service+

Our custom ladders are built strong and add beauty, style and functionality to any room.
Library ladders are not only for libraries; they are also great for closets, kitchens and wine rooms.
Wood library ladders are assembled with steel rods and plated steel braces for maximum comfort and strength; all ladders incorporate a blind mounted grab bar on the top rung and a reinforced, oversize bottom step for additional strength and safety.
Track Ø: 1 1/4”
Weight capacity: 250 lbs. per ladder
Ladder weight (based on height): Wood: 4.7 lbs. per foot
Aluminum: 3.6 lbs. per foot

Note

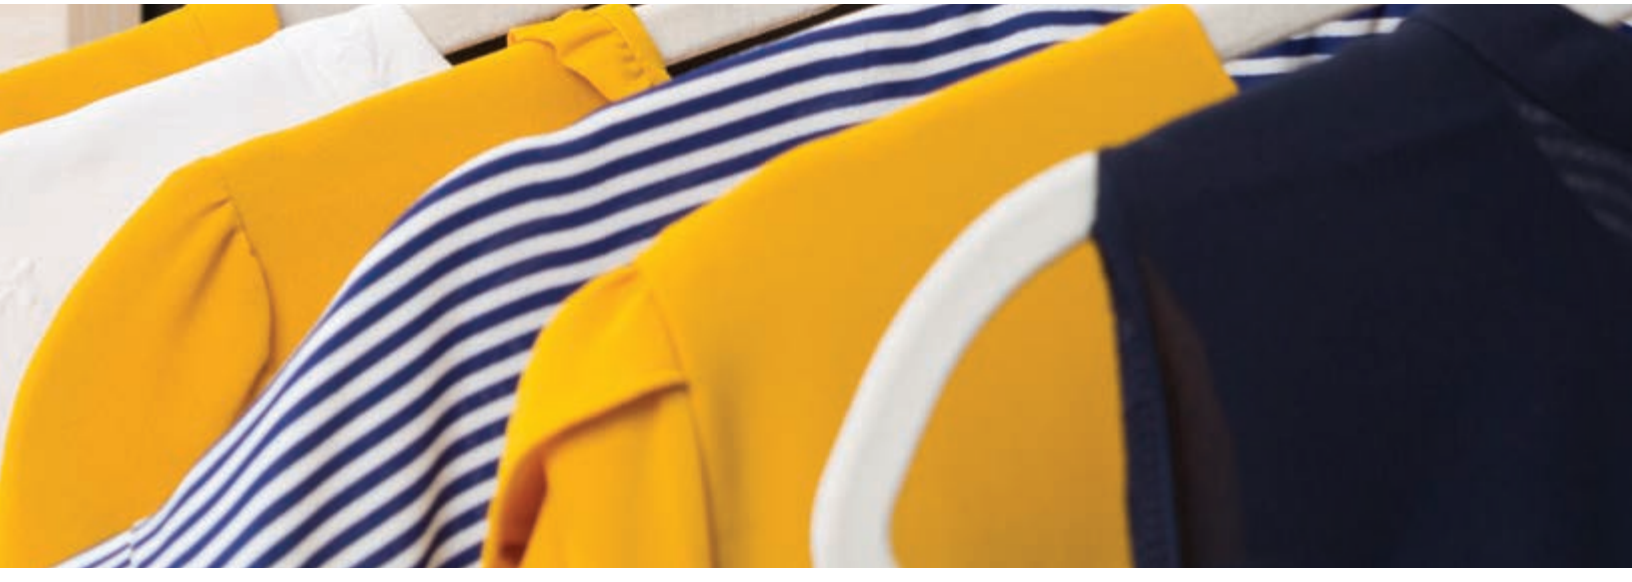
WARDROBE FITTINGS



One signature style. Many, stylish coordinating finishes to choose from. The partnership between TAG Hardware and Häfele gives designers an option which others in our industry simply cannot match: a complete agreement of style and function across a diverse range of products. That means that an ENGAGE pant rack in a slate finish perfectly matches the slate Symphony Wall Mount Organizer the designer has placed on an wall opposing the closet…as well as the tie rack and Illuminated shelf too. And that matters to owners. Especially too when it all functions and performs just as beautifully as it looks.

Available TAG Hardware product finishes include matt aluminum, chrome, matt nickel, matt gold, slate and black. And we can promise you that any one of them will make your closet project wow.

HOW TO USE TAG HARDWARE'S SYMPHONY IN YOUR DESIGNS

The TAG Hardware Symphony Wall Mount Organizer from Häfele presents a tremendous opportunity for storage in practically any space. Truly its only limits are your creativity. Whether you have a multi-purpose use in mind like coats, shoes and accessories or a more singular purpose like ties, belts or scarves in mind, Symphony is designed to work with you, your needs and your space.

Scan the QR image for design tips and inspiration.

TAG SYMPHONY

> A range of widths and heights for various applications
> Smaller sizes are ideal for partitions or a closet back panel
> Bold metal finishes and soft vegan leather options
> Comprised of mixed materials, adding texture and dimension to its aesthetic design
> Hooks can be placed anywhere along the horizontal bars and can easily be reconfigured to adapt to changing storage needs
> Attaches into drywall or a vertical panel; no studs required
> The maximum weight capacity is 50 lbs. per horizontal bar and 200 lbs. total for a system, evenly distributed

THE PERFECT MATCH

A coordinated look and consistency of function in the closet are now the expectation. And Häfele's range of TAG Hardware components is the only solution on the market today which achieves this – and does so – in spectacular fashion.

The closet is exactly where the details – a valet pin which matches the scarf rack, belt rack and folding station pull-out – matter the most. Because no one ever envisions a dream closet with components coming from six different companies, four varying degrees of the same finish and one thing which looks entirely out of place.

TAG ENGAGE

See coordinating TAG Decorative Hardware on pages **150–154**.

Steel

Color	Item No.
black	237.56.988

ADDITIONAL INSTALLATION TOOL

Material
Plastic

Color	Item No.
red	237.56.992

EFL 51 FURNITURE LOCK

> Intelligent locker lock for indoor use in wardrobes, lockers and cabinets for wood, glass or sliding doors

Functionality:

Standard mode
One or several (optional) user keys have a fixed allocation to one or several (optional) lockers for locking and unlocking.
The lock remains open for 3 seconds after opening, and locks again automatically.

Wellness mode (free choice of locker)
Any user card can lock an open locker. The user card is assigned to the selected locker, only this user card can unlock the locker.
When the locker is unlocked, the assignment is deleted.

Toggle mode (deadbolt lock function)
When an authorized transponder is held in front of the device, the lock unlocks and remains unlocked.
When the authorized transponder is presented again, the lock is locked.

Technical Data

Technology:	Mifare Classic
Degree of protection:	IP20
Battery:	CR 123 3V
Battery service life:	Approx. 20,000 locking and unlocking processes
Number of possible keys:	49
Operating temperature:	5 °C – +35 °C
Reading range:	Card: max. 20 mm (25/32"); Tag: max. 10 mm (3/8")

Note
Particularly suitable for furniture with soft and self-closing mechanisms. For drawers and hinged doors with push-to-open function, the locking component must also be installed. If the battery voltage is too low, the lock no longer locks and a 15 second continuous tone is emitted.
In order to avoid interference between locks, a minimum distance of 10 cm (3 15/16") must be maintained between installed locks and also during storage. If the distance is less than this minimum, continuous communication will take place between the locks, which will drain the battery.
To avoid unnecessary battery draining, do not insert the battery until start-up.

EFL 51

> Powered by Loox 12 V driver

Material
Plastic

Finish	Item No.
black	231.07.401

Supplied with
Installation instructions

Note
Please order the locking component and the batteries separately.
Modes which differ from the standard must be ordered separately (Wellness/Toggle programming cards). Loox driver, see page **48**.

LOCKING COMPONENT

> The striking plate has a pre-determined breaking point which breaks at about 77 lbs.
> The locking bolt is floating, which can compensate for tolerances of +/- 3 mm
> Suitable for constructions with soft and self-closing mechanisms

Material
Plastic

Finish	Item No.
black	231.07.410

> Attaches to the back of cabinet and is not visible
> Weight capacity: 110 lbs.
> Height: 4 3/4"

Material
Steel, powder-coated

Finish	Item No.
silver	793.00.448

Note
Use two sets to double the weight capacity. Standard and concealed cabinet brackets cannot be combined on a row of drawers.

GLASS SHELF BRACKET SETS

> For glass thickness: 3/16"–3/8"
> Weight capacity: 100 lbs.
> H x D: 3 3/16" x 5"

Material
Steel, powder-coated

Finish	Item No.
silver	793.00.450

WALL BEDS

Adding Häfele wall beds into your project is the ultimate in room transformation. Whether it be a guest room, office or exercise area, all can quickly transform, providing the flexibility you need to best utilize available space. Our bed hardware comes with unique design and adjustability features which designers, installers and owners each appreciate and love.

WALL BEDS

GENERAL WEIGHT PARAMETERS

	Front panel weight (approx.)	Mattress weight	Combined lifting capacity
Single/Twin	60 lbs.	35–48 lbs.	95–108 lbs.
Double/Full	84 lbs.	50–68 lbs.	134–152 lbs.
Queen	100 lbs.	60–80 lbs.	160–180 lbs.

Note
Wall bed will not operate properly unless the above weight ranges are adhered to.

SAFETY BRACKET

> Additional brackets to secure bed to wall

Material
Steel

Color	Item No.
black	271.98.100

HÄFELE WALL BEDS

> Fitting for vertical folding beds
> Integrated feet extend as bed is opened and retract when closed
> For use with light foam mattresses, 6"–10" thick, without box springs
> Casework to be constructed by end user
> Inside depth of case: 18 1/2"–23 5/8"

Material/Finish
Steel; Frame: black epoxy; Folding feet: silver epoxy
Slats: Laminated Beech, natural lacquered

Size	Item No.
Single/Twin	271.92.016
Double/Full	271.92.025
Queen	271.92.132

Supplied With
Complete frame
Mounting brackets and hardware
2 Safety brackets
3 Bed straps
Mattress retainer
Drilling template

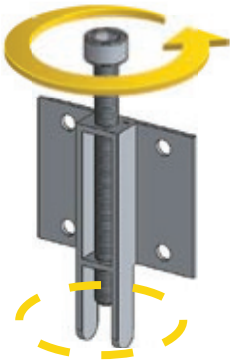
Note
Installation and casework construction requires a professional skill level. Casework should be high quality material with a minimum thickness of 3/4". Cabinets must be secured against tipping; 2 safety brackets are supplied. Wall bed will not operate properly unless weight ranges are adhered to. Additional information regarding cabinet and mattress specifications can be found at **hafele.com**.

WALL BED KIT

> For vertical folding beds used in lofts, guest rooms, home offices, etc.
> Fits mattresses up to 10" thick
> Optional comfort slat system, cover caps and extending leg
> Quick and simple assembly

Note
Successful and safe installation of hardware and construction of casework requires a professional skill level. Casework to be constructed of high quality material with a minimum thickness of 19 mm (3/4"). Cabinet must be safely secured against tipping, three safety brackets are included.

INSTALLATION



Turn the screw counter clockwise to loosen = **Door will go down**

Turn the screw clockwise to tighten = **Door will go up**

Note
That ends are rounded so that doors can slide left to right for a better adjustment.

Door brackets attach front panels to support bars for quick and simple installation. Door brackets include height adjustment screws that allow for easy adjustment of front panels.

GARAGE ORGANIZATION

We call it garage organization, but it's really so much more. These are the products which you'll use in your most functional areas – the garage, craft and scrapbooking room, home gym and more – to ensure everything you need for that particular activity has a dedicated place. Featured solutions include wall organization such as Omni Track® and HandiWALL® – each available as kits or completely customized – to products like the Syzzor Loft and Super Pro which tackle overhead storage with ease.

SYZZOR LOFT

> Designed to eliminate the need for a ladder
> Raise/lower using a hand-crank or drill
> Installed dimensions: D x W: 4' x 7'
> Retraction: 6'
> Weight capacity: 800 lbs.
> No wires or power cables
> Syzzor for stability
> Cable for support

Material
Steel, powder-coated

Finish	Item No.

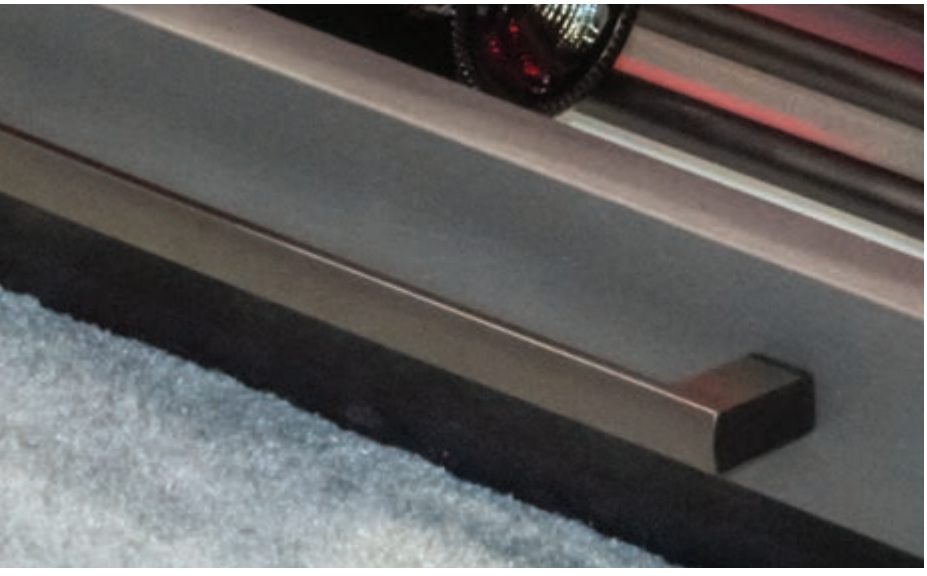
LAUNDRY, PANTRY, WINE & MORE

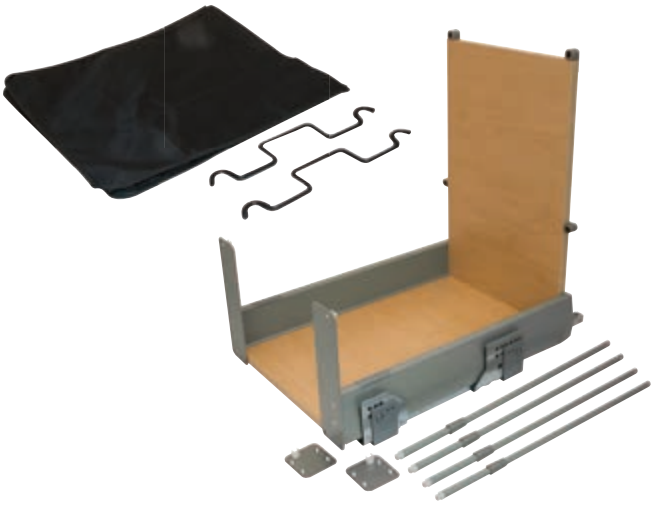


Our homes are as unique as we are. And that means they can be complex, but should also never be messy. This catalog section tackles those spaces with some of the greatest storage opportunities – as well as some of the greatest challenges – laundry areas, pantries, open and hidden wine storage and beyond. Our goal in presenting these solutions is simple: never again will there be a broom which is haphazardly stashed behind a door, a step stool wedged between two larger things and a pile of clothes which is somehow still out in the open.

HÄFELE MATRIX LAUNDRY HAMPER

Service+

soft&silent



LAUNDRY HAMPERS 18"

> For 18" wide base cabinets with no drawer above
> For vanity or laundry cabinets

Supplied With
2 Fixed front rails
2 Cut-to-size side rails
2 Attachment brackets
Divider

SIT TO STAND WORKSTATION

> Ships fully assembled for easy install
> The compact footprint easily fits onto a 24" deep desk
> Primary work surface is large enough to accommodate two x 24" monitors
> Large keyboard surface easily holds a keyboard and mouse
> At full elevation primary work surface is positioned 20" above desk
> Supports 35 lbs. of technology
> The keyboard surface can be adjusted through 20° (-10+10)
> Weighs less than 40 lbs. for one person installation
> Side mounted paddles control gas assist height adjustment
> Keyboard surface adjusts with the primary surface

Material
Steel/Phenolic

Finish	Item No.
black	633.44.000

HANGING FILE SYSTEM

> Simple, flexible solution for mounting into any file drawer
> No cutting or grooving required to install
> Flush mount or top mount to drawer side, front, or back
> Accepts 1/8” file bar

BRACKETS

> Flush mount; screw mounted

Material
Steel, 16 gauge

Finish	Item No.
zinc-plated	424.31.900
black oxide	424.31.300

BRACKETS

> Top mount; screw mounted

Material
Steel, 16 gauge

Finish	Item No.
zinc-plated	424.31.910
black oxide	424.31.310

CROSS RAIL

> Fits in brackets above
> Easily cut to length for your application
> L x W x H: 98 1/2” x 1/8” x 7/16”

Material
Aluminum, unfinished

	Item No.
	422.74.900

RAILS

> Snaps onto drawer sides, requiring no glue or staples
> Add clips and cross rails to accommodate different sized drawers and file sizes
> L x W x H: 98 1/2” x 5/16” x 7/8”

Material
Plastic

Color	Side thickness	Item No.
black	1/2”	422.72.381
white	1/2”	422.73.790
black	5/8”	422.72.392
white	5/8”	422.73.792

RAIL CLIP

> Hangs over file rail (above), allowing files to be hung at 90° angle to rails

Material
Plastic

Color	Item No.
black	422.73.300

Supplied With
10 pcs.

POWER AND CHARGING

UL LISTED

HIDE-A-DOCK WITH 1 OUTLET, 2 USB PORTS

> Great for charging iPhones, smart phones, iPads, tablets, digital cameras and other USB chargeable devices
> Requires approx. 4” of space under worksurface
> 1 grounded AC outlet, 125V 12A rating
> 5V DC 4.2 A USB charger with 2 ports
> Cut-out dimensions (W x D): 4 7/8" x 4"

Material
Aluminum

Finish	Item No.
black	822.09.330
silver	822.09.930

Supplied With
10' Power cord

HIDE-A-DOCK WITH 2 OUTLETS, 2 USB PORTS

> Great for charging iPhones, smart phones, iPads, tablets, digital cameras and other USB chargeable devices
> Requires approx. 4” of space under worksurface
> 2 grounded AC outlets, 125V 12A rating
> 5V DC 4.2A USB charger with 2 ports
> Cut-out dimensions (W x D): 6 3/8" x 4"

Material
Aluminum

Finish	Item No.
black	822.09.331
silver	822.09.931

Supplied With
10’ Power cord

POP-UP USB CHARGING CENTER

> Unique pop-up design for charging devices such as laptops, tablets, phone, cameras, MP3 players, etc.
> With 2 USB charging ports 2.0A
> Requires a Ø1 7/8" hole for screw mounting

Material
Plastic/Metal Surface Look

Color	Item No.
silver	822.64.033

Supplied With
2 m Lead with transformer
2 m Lead from unit
Trim Ring

CHARGING GROMMET

> Easily replace a standard Ø2 3/8" desktop cable grommet
> With cable opening and removable tab to feed cables through
> With 1-120V socket and 1-USB charging port 2.0A

Material
Plastic

Color	Item No.
black	822.99.350

Supplied With
Wall transformer
10A X 1.5 m power cable and 1 m USB cable

POWER AND CHARGING

POP-UP POWER STATION

> 2 AC receptacles, 120V / 60Hz
> 2 USB 2.1A charging ports
> Ø3" hole for installation
> Requires 12" space under work surface

Material
Plastic

Color	Item No.
black	822.99.340

Supplied With
6' Power cord

Note
USB ports charge through the unit's power cord.

POP-UP POWER STATION

> 3 outlets
> AC 125V 12A max.
> Ø3" hole for installation
> Requires 12" space under work surface

Material
Plastic

Color	Item No.
black	822.99.320

Supplied With
6' Power cord

POWER AND CHARGING

QUICK CHARGING UNITS

> With dual USB Ports
> USB-C power delivery 3.0 offers 46 watts of power and can charge devices up to 70% faster
> Includes a USB-A port allowing users to charge 2 units simultaneously
> Easy to install
> Available in grommet or edge mount versions

GROMMET MOUNT

> For 2”–2 3/8” through holes
> With cable pass-through slot
> Counter thickness: 9/16” x 2 3/16”
> Ø x H: 2 3/4” x 3 3/16”

Material
Plastic

Finish	Item No.
black	822.99.357
off-white	822.99.358

Supplied With
Power adapter
Power cord

EDGE MOUNT

> Mounts with adhesive tape and/or screws
> Sliding covers protect the ports when not in use
> W x D x H: 2 3/16” x 11/16” x 1 5/16”

Material
Plastic

Finish	Item No.
black	822.99.355
off-white	822.99.356

Supplied With
Power adapter
Power cord

POWER AND CHARGING

> With touch release spring-loaded lid
> 1 AC outlet: 125V 15A
> Installs in a 3” diameter hole, tightens with the nut from below

Top view of closed
docking stations 250 and 270

DOCKING STATION 250

> With 1 USB port 5V DC 2.1A (10.5 watts) charging power
> Ø: 3 5/8”

Material
Plastic

Finish	Item No.
black	822.99.330
white	822.09.304

Supplied With
10’ 14AWGx3C power cord

DOCKING STATION 270

> Fast charging with 2 USB ports 5V DC 4.2A (21 watts) of charging power
> Ø: 3 5/8”

Material
Plastic

Finish	Item No.
black	822.09.305

Supplied With
4 pcs.

ESSENTIAL 2

ELECTRIC ADJUSTABLE TABLE BASE WITH COLLISION MITIGATION SENSOR

The Essential 2 table base system is the ultimate cost effective adjustable table system. German engineered and assembled in the USA. Essential 2 now features a Gyro Sensor which ensures protection in the event of a collision during the stroke of the table.

> Maximum weight capacity: 250 lbs. including weight of top
> Recommended for top widths: 48”–72”
> Simple assembly
> Height range: 26”–45” = 19” stroke
> Speed: 1.375” per second
> Power consumption: <0.3W
> Noise level: < 50DB
> Meets BIFMA X5.5 standards
> UL 962 approved
> Available in Black, Silver or White
> Choose from simple Up/Down switch or 4-Setting programmable switch
> Anti-sag bar recommended for tops over 61” wide

Note

Weight rating is based on: An evenly distributed load over table top.
Table base constructed using specified components; columns, feet and top supports.

Please provide at least 1” space between table top and any adjoining surfaces, cabinets, etc.

ESSENTIAL 2 BASES

Version	Finish	Item No.
With simple up/down switch	black	630.46.390
	silver	630.46.391
	white	630.46.392
With 4-setting programmable switch	black	630.46.393
	silver	630.46.394
	white	630.46.395

Supplied With

2 Adjustable columns
Control box
Switch
Cables
Assembly hardware

ANTI-SAG BAR, OPTIONAL

> For tops over 61” wide to keep top from sagging

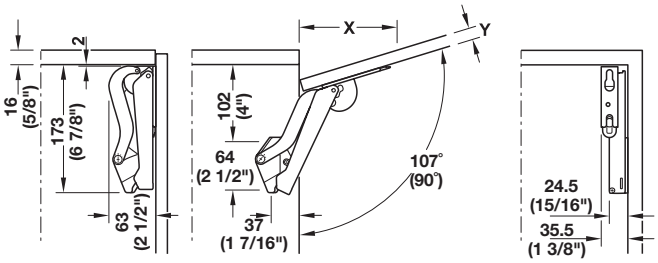
Finish	Item No.
black	630.46.382

Supplied With

Wood screws

HÄFELE FREE SPACE

> Free Space can be used for up to 80% of all flap applications
> For wood or aluminum frame doors
> Extremely compact: modern design and Häfele engineered technology allow for more space inside a cabinet
> Intuitive 3D door alignment and closing adjustment
> Additional hinges and cover caps are not required



Front panel thickness Y	5/8"	3/4"	7/8"	1"
Distance X (with cabinet top panel thickness 5/8")	4 5/8"	4 1/4"	3 7/8"	3 1/4"

Note
Dim X helps calculate space required when raised panels or crown moldings are used.

FREE SPACE 1.11

> For standard applications with handle
> For front height: < 26”
> Height/side/tilting angle and holding power
> Screw mounts with pre-mounted Euro screw, front panel mounts without tools or slides onto pre-mounted screws
> Max. door overlay: 90° opening: 1 1/4”; 107° opening: 7/8”

Material
Housing: Plastic; Mounting Bracket and Support Lever: Steel
Finish: nickel-plated

Finish	Item No.
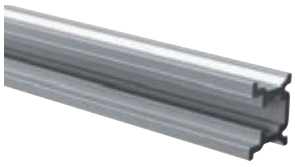
zinc-plated	283.39.019

Supplied With
M5 x 12 mm screws

TRIADE/TRIADE MINI ALUMINUM PROFILE



> Length: 2400 mm

Material
Aluminum

	Item No.
	283.39.030

HARDWARE FOR TRIADE SHELF SUPPORTS

> For attaching any TRIADE shelf support to aluminum profile

Material
Steel

	Item No.
	283.39.032

Supplied With
4 - M5 x 20 mm screws
4 - M5 square nuts

SHELF SUPPORTS

> Distance between supports: max. 27 9/16"
> With assembly instructions
> For wall thickness 1/16"
> Weight capacity: up to 187 lbs. per m^2 by evenly distributed loading on the shelf

SUPPORT FOR GLASS SHELVES

Material
Stainless Steel/Plastic/Rubber

Finish	Item No.
matt, brushed, black	283.38.020

Supplied With
Support - Ø20 mm, Base, 2 o-rings
Countersunk screw M6 x 60 mm
Wall anchor

Note
2 sets needed for one shelf.

DECORATIVE HARDWARE

Decorative hardware is the ultimate finishing touch for any project. It can add personality and function to any manner of cabinetry, pull-outs, drawers and doors. Häfele's selection runs the gamut when it comes to style. We offer entire collections which match perfectly in finish with our TAG Hardware closet components as well as many other traditional, transitional and contemporary options to meet your project needs.

LOOX REFERENCE GUIDE - COMPLIANCE WITH ELECTRICAL CODES

Häfele is committed to producing, marketing and selling products that meet or exceed all relevant safety standards for the industry.

Loox lighting products are designed and manufactured to achieve the most relevant standard in the United States, as defined by Underwriters Laboratory (UL), UL2108 (Standard for Safety Low Voltage Lighting Systems). All Häfele branded Loox low voltage lighting products are UL listed to the 2108 standard as components and together as a system.

- UL2108 applies to low voltage lighting systems and components intended for permanent installation and use in locations following the National Electrical Code (NEC), NFPA 70, Article 411 (Lighting Systems Operating at 30 Volts or Less and Lighting Equipment Connected to Class 2 Power Sources)

- The UL2108 listing of Loox low voltage lighting products is also relevant when our customers want to comply with other standards such as UL962 for residential and commercial furnishings, UL970 for commercial display cases and UL1286 for office furnishings. These standards are only referenced as examples and are not meant to be an exhaustive list of potential requirements to consider in applying low voltage lighting systems.

- Compliance with relevant standards and codes is the responsibility of our customers when using the Häfele Loox low voltage lighting systems, and it is the installer's responsibility to ensure the lighting is applied correctly, safely and in compliance with all applicable codes.

- Many local electrical code interpretations exist in the United States, and it is advisable to proactively understand these nuances before installing low voltage lighting in construction or furniture products.

- In jurisdictions where the NEC Article 410 (Luminaires, Lampholders and Lamps) applies, care must be taken in selecting the correct placement and/or luminaire. Consider the following points in particular when using luminaires in a clothes closet:

    - All Häfele Loox luminaires are suitable for use in the clothes closet spaces, provided installation satisfies the required location constraints of NEC Article 410.16C (Luminaires in Clothes Closets-Location).

    - LED strip lights must always be installed within a linear profile with a lens and endcaps to ensure that the LED light source is enclosed and cannot be contacted.

    - If luminaires are to be installed in a location that may place them in direct contact with items stored in the closet or storage space, they are required to pass an additional test under the standard UL1598 (Standard for Safety- Luminaires). This is an additional requirement contained in the UL2108 listing, which as previously outlined, is the general certification making the luminaires suitable for installation in the storage area of a clothes closet.

    - The Häfele Loox low voltage lighting system has the following families of product that meet the additional UL1598 test standard for more flexible use within closet or storage space:

Linear luminaire models	Puck style luminaire models
Model 2060	Model 2020
Model 2061	Model 2022
Model 2065	Model 2023
Model 2068	Model 2040
Model 2070	Model 2050
Model 2077	Model 2051
Model 3040	Model 2090
Model 3041	Model 3023
Model 3042	Model 3025
Model 3044	Model 3035
Model 3045	Model 3036
Model 3047	Model 3090
Model 3048	Model 3094
Model 3049	
Model 3050	
Model 3051	

- The Häfele Loox Adjustable Shelf Light System is UL listed under the UL2108 standard. Per NEC 411.6C (Low-Voltage Lighting Systems, Secondary Circuits, Bare Conductors), our bare low voltage conductor (bus bar) is specifically listed for installation in locations lower than the code required 7-foot height.

This information is provided to you as a Reference Guide, not an authoritative body of work. Compliance with relevant Standards and Codes is the responsibility of our customers when using the Häfele Loox low voltage lighting systems, and it is the installer's responsibility to ensure the lighting is applied correctly, safely and in compliance with all applicable codes.

EASIER TO ACCESS.
EASIER TO USE.

WE KNOW YOU'RE ALWAYS ON THE GO AND MAY NOT ALWAYS BE USING A DESKTOP OR LAPTOP TO ACCESS OUR WEBSITE. AND THAT'S EXACTLY WHY OUR SITE HAS BEEN UPDATED WITH YOU IN MIND.

- Improved user experience on any device
- More robust, intuitive navigation
- Updated category displays include more information
- Login and shop on mobile, tablet, desktop or all three!

STANDARD TERMS AND CONDITIONS OF SALE

All purchases from Häfele America Co. are subject to the Terms and Conditions in effect at the time of shipment. Häfele's Terms and Conditions are set forth on its website, hafele.com, and are incorporated herein by reference. Should you not have access to the above web site and wish to obtain a printed copy of the Terms and Conditions, please contact your Häfele Sales Representative and a copy will be sent to you.
