Re: Advisory Board Calendar #37206

Dear Mr. Martin:

In answer to your letter of October 17, 1994 please be advised that our letter of September 24, 1994 is the approval letter for your low voltage halogen spotlights with the subject calendar number denoting this approval.

In addition to our letter, our card files also lists your products approval. And, these files are the documents usually referred to whenever an inquiry is made concerning your product's status.

Very truly yours,

A handwritten signature in blue ink that reads "Edward Solomon".

Edward Solomon, P.E.
Chairman, Advisory Board
Bureau of Electrical Control
