Creating products which are suitable for all people, regardless of their age, physical condition and personal abilities – is the HEWI philosophy. Years of experience made us experts in this field. Designing for comfort and accessibility comes naturally for HEWI.

HEWI offers quality design which enables all users. Thanks to the modular structure of the range, with HEWI it is also possible to produce a design which is precisely oriented to individual needs and preferences.

We attach great importance to the quality and durability of our products, which is why we only use premium materials. Precise workmanship and technical know-how enable lasting performance and value that you can always rely on.

Reliable Partner

HEWI and Hafele have a long-standing partnership based on a mutual commitment to providing premium products, intelligent and comprehensive solutions and excellent service. As the partner for HEWI in North America, Hafele can provide valuable support to decision makers for projects of all sizes.

From design consultation and technical assistance to product specifications and CAD drawings, Hafele makes it easy to incorporate HEWI products into project design and to meet and exceed all accessibility requirements and standards.

</table>
With Range 477/801, which includes grab bars, shower seats and a wide range of accessories, you do not have to compromise. The HEWI product range allows for comprehensive design of bathrooms, which directly address the varying needs of patients and care personnel.

Good design enables and promotes the independence of users. Range 477/801 is designed for products to be used intuitively. Accessibility products support the user and thus contribute to their well-being. Shower seats, grab bars and swing-up grab bars give them a secure hold and promote their independence. Thanks to its classic round tubular design, Range 477/801 is characterized by its high degree of ergonomics and safe-to-grip support systems. The size and shape of the grab bars and swing-up grab bars are optimally suited to the hand.

The polyamide range is characterized by consistently pleasant touch and temperature. The smooth surfaced components not only look good, but also offer hygienic benefits due to their non-porous surfaces. Range 477/801 is available in the HEWI colors pure white (99), stone gray (95), anthracite gray (92), jet black (90), sand (86), umber (84) and ruby red (33).
Innovation, Engineering and Quality
Long-Lasting, Durable Products, Color
Since 1929, HEWI has produced synthetic material products in its own plant in Germany.

We are known worldwide for our smooth and durable surfaces and uniquely brilliant colors. The products made of polyamide have a non-porous surface and are therefore particularly hygienic and easy to clean. Polyamide is extremely robust and is ideally suited for public washrooms. A corrosion-proof, galvanized steel core reinforces the inside of grab bars, swing-up grab bars and shower seats increasing stability and durability.

HEWI has applied an environmentally conscience approach to manufacturing by using recyclable materials and resource-saving production methods. Additionally, HEWI is ISO 14001 certified.

Easy and Secure Installation
Range 477/801 exemplifies fine German engineering and production. HEWI grab bars and rail systems are installed without visible fastening. The mounting flanges are made of corrosion resistant steel. This innovative design enables adjustments, so that the grab bar or rail system can be precisely installed. Clip-on rosettes made of high-quality polyamide conceal the flanges. Thanks to the extremely small gap, dirt cannot deposit between wall and mounted product, which further improves overall hygiene.
Safety and independence are important aspects of accessibility. HEWI products provide reliable, secure hold and support to users. HEWI offers more than pure functionality. For HEWI, comfort and aesthetic design are also important attributes. HEWI keeps the user in focus, while also considering care and cleaning personnel.

HEWI products have been setting new standards in the area of accessibility for decades. Product functionality is designed and developed considering the principles of Universal Design philosophies and to provide solutions to meet ADA guidelines. HEWI offers ADA-compliant shower seats and support systems, such as grab bars with optional movable shower head holders.

HEWI hinged shower seats illustrate this integrated approach. The generously sized seat design increases both comfort and safety in the shower. HEWI shower seats are made of high-quality polyamide. The slip-resistant surface has a pleasant, warm feel and is easy to clean. The non-porous surface increases hygiene. The louvered structure enables water to quickly flow away. Continuous, corrosion proof steel cores and wall plates with integrated steel elements increase stability and give the shower seat its high weight capacity. If the seat is not needed, it can be easily folded up against the wall. HEWI shower seats are available in various sizes and shapes to accommodate practically any shower area.
L-shaped seat
Dispenser systems effectively increase hygiene in the bathroom. They enable consumables such as soap and paper products to be used easily, cleanly, then disposed of hygienically. Well-engineered functions products are also easy to maintain. For example, the soap dispenser container can be quickly removed for regular cleaning and refilling.

Our solutions make the products easy to understand and use. The soap dispenser, for example, can be operated with one hand. The push button for dispensing the soap is highlighted by a colored element. The lightly roughened surface of the push button also makes the functional element tactile.
The waste bin can be opened with the knee or with one hand by lightly pressing the can. This enables use by wheelchair users, as they can open the trash can on approach. Operation is particularly hygienic, as the hands do not have to be used in order to open the lid.
Reliable Grip and Support
Bariatric Products
HEWI has developed products specifically for larger individuals which provide reliable grip and support in the bathroom. This range of products offers a remarkable weight capacity up to 771 lbs. These specially designed bariatric products have been reinforced to withstand extremely heavy loads.

The shower bench is available in two sizes and provides plenty of space and convenience. The shower bench has integrated rails for added support and security. We recommend use of the bench in a roll-in shower, as shower pans frequently have insufficient loading capacity.

### Dimensions / Specification

#### HEWI Toilet roll holder
- **right-angled U-shaped holder**
- **concealed fitting to prevent unauthorised removal**
- **6 5/16" (160 mm) wide, 4 3/4" (120 mm) high,**
  - ø 13/16" (20 mm)
- **made of high-quality polyamide in the HEWI colors**
  - 99 (pure white), 95 (stone gray), 92 (anthracite gray),
  - 90 (jet black), 86 (sand), 84 (umber) and 33 (ruby red)

#### HEWI Spare roll holder
- **right-angled holder pointing upwards with rose fixing**
- **can hold one spare toilet roll**
- **anti-theft protection through concealed screw fixing**
- **6 3/8" (162 mm) high and 4 1/8" (105 mm) deep,**
  - ø 2 3/4" (70 mm)
- **made of high-quality polyamide in the HEWI colors**
  - 99 (pure white), 95 (stone gray), 92 (anthracite gray),
  - 90 (jet black), 86 (sand), 84 (umber) and 33 (ruby red)
- **inclusive key for unlocking the anti-theft feature**
- **same as above, for two toilet rolls,**
  - 10 15/16" (262 mm) high
- **same as above, for three toilet rolls,**
  - 14 1/4" (362 mm) high

HEWI Toilet brush unit
- brush handle with easily replaceable brush head by bayonet fixing
- brush head made of black polyamide
- brush container with round bottom and spherical semi-open top in ringshaped holder
- upper part free rotating
- container is removable, but can also be fitted to prevent unauthorised removal
- concealed fitting to prevent unauthorised removal of holder
- 5 9/16" (141 mm) wide, 18 1/8" (470 mm) high and 5 1/2" (140 mm) deep
- made of high-quality polyamide in the HEWI colors 99 (pure white), 95 (stone gray), 92 (anthracite gray), 90 (jet black), 86 (sand), 84 (umber) and 33 (ruby red)

HEWI Toilet brush
- brush handle with easily replaceable brush head by bayonet fixing
- brush head made of black polyamide
- 18 1/8" (460 mm) long
- made of high-quality polyamide in the HEWI colors 99 (pure white), 95 (stone gray), 92 (anthracite gray), 90 (jet black), 86 (sand), 84 (umber) and 33 (ruby red)
HEWI Toilet brush unit
- long brush grip with ergonomic handle and brush head made from black synthetic material
- cone-shaped tapered container with large insertion opening
- replace the brush head using the bayonet fixing
- when inserted into the container the brush is automatically centered and stands upright independently
- inner reservoir in the container for disinfectant intake
- container is removable
- for wall-mounting
- 22 5/8” (575 mm) high, 5 1/8” (130 mm) wide and 5 1/2” (140 mm) deep
- made of high-quality polyamide in the HEWI colors 99 (pure white), 95 (stone gray), 92 (anthracite gray), 90 (jet black), 86 (sand), 84 (umber) and 33 (ruby red)

HEWI Toilet brush
- long brush grip with ergonomic handle and brush head made from black synthetic material
- replace the brush head using the bayonet fixing
- 21 1/4” (540 mm) long, handle 5 1/2” (140 mm) long
- made of high-quality polyamide in the HEWI colors 99 (pure white), 95 (stone gray), 92 (anthracite gray), 90 (jet black), 86 (sand), 84 (umber) and 33 (ruby red)

- seat 13 9/16" (345 mm) wide, 13 1/4" (336 mm) deep
- seat and back rest slats 2 3/16" (55 mm) wide
- made of high-quality polyamide in HEWI colors 99 (pure white), 95 (stone gray), 92 (anthracite gray), 90 (jet black), 86 (sand), 84 (umber) and 33 (ruby red)

HEWI Removable hanging seat
- frame with polyamide seat and back rest slats
- for hanging from shower grab rails or support rails with bars 2 3/4" (33 mm)
- with corrosion resistant steel core
- maximum loading capacity 150 kg
- seat 17 5/8" (448 mm) wide, 18 11/16" (475 mm) high, 19 1/8" (486 mm) deep
- seat 17 5/8" (448 mm) wide, 13 15/16" (354 mm) deep
- seat and back rest slats 2 3/16" (55 mm) wide
- made of high-quality polyamide in HEWI colors 99 (pure white), 95 (stone gray), 92 (anthracite gray), 90 (jet black), 86 (sand), 84 (umber) and 33 (ruby red)
HEWI Shower bench
· suitable for use in the shower
· made of rail system ø 33 mm, with continuous, corrosion resistant steel core
· with additional, side support rails
· 27 1/16" (688 mm) wide, 17 5/8" (448 mm) deep, seat elements 2 3/16" (55 mm) wide
· seat height 19 11/16" (500 mm), total height 24 1/8" (612 mm)
· made of high-quality polyamide in the HEWI colors 99 (pure white), 95 (stone gray), 92 (anthracite gray), 90 (jet black), 86 (sand), 84 (umber) and 33 (ruby red)
· loading capacity 771.6 lbs (350 kg)

Specifications:
- HEWI Item Number: 801.51US8400
- Dimensions: 27 1/16" (688 mm) x 17 5/8" (448 mm) x 19 11/16" (500 mm)
- Total height: 24 1/8" (612 mm)
- Colors: 99 pure white, 95 stone gray, 92 anthracite gray, 90 jet black, 86 sand, 84 umber, 33 ruby red

HEWI Shower bench
· suitable for use in the shower
· made of rail system ø 33 mm, with continuous, corrosion resistant steel core
· with additional, side support rails
· 37 13/16" (960 mm) wide, 17 5/8" (448 mm) deep, seat elements 2 3/16" (55 mm) wide
· seat height 19 11/16" (500 mm), total height 24 1/8" (612 mm)
· made of high-quality polyamide in the HEWI colors 99 (pure white), 95 (stone gray), 92 (anthracite gray), 90 (jet black), 86 (sand), 84 (umber) and 33 (ruby red)
· loading capacity 771.6 lbs (350 kg)

HEWI Swing-up grab bar, rotatable
- two parallel bars running one above the other joined by a connecting bend
- for holding onto and as a support
- load capacity up to 220.5 lbs (100 kg)
- with corrosion resistant steel core and wall mounting plate made of polyamide with integrated steel core
- can be folded upwards and, with friction device, downwards
- a turn to left or right locks support in vertical position
- wall mounting with wall-specific HEWI fixing material
- concealed fastening
- 10 3/16" (259 mm) high and 3 1/16" (78 mm) wide, rail ø 1 5/16 (33 mm)
- made of high-quality polyamide in the HEWI colors 99 (pure white), 95 (stone gray), 92 (anthracite gray), 90 (jet black), 86 (sand), 84 (umber) and 33 (ruby red)
- upgrade kit toilet roll holder 801.50US010 for retrofitting
- CE marking: medical device 1 as per directive 93/42/EWG

Projection p
- 23 5/8" (600 mm)
