## SLIDING DOOR FITTING SLIDO CLASSIC 120 F

For glass and wooden doors

## THE CARRIAGE

MORE FLEXIBLE THAN EVER AND STRONG

Wooden door adapter with floor guide and trigger of the soft close system for wooden doors

1

### 264 lbs./120 kg glass carriage

- > Smooth running properties due to ball bearing mounted rollers
- > Pre-assembled clamping rubbers prevent assembly errors and ensure a secure hold
- > Additional safety with the optional glass safety bolt possible

2

### Clip-on adapter for different glass thicknesses

- > Prepared for 1/2"/12.7 mm glass thicknesses standard
- > Set including plates for 17/31"/13,5 mm laminated safety glass
- > Other glass thicknesses available upon request

3

### Glass clamp

- > The sixfold screw connection provides sufficient clamping force
